## FATAL FALL

✓  
Little Bertha Prescott of Princeton Minn., came to her death Saturday evening at the home of the child's aunt Mrs. Marscheider, as the result of falling from bed and striking on her head Saturday morning. Dr. Geib was called, and found there was no fracture of the skull and only a small bruise on the child's head to indicate the fall. Coroner Countryman was summoned and held an autopsy and inquest on Monday, finding a verdict in accordance with the above statement of facts.

The child had but recently arrived with its mother to visit Mrs. Marscheider. Funeral services were conducted at the Evangelical church Tuesday afternoon by Rev. C. F. Strutz and the body was laid to rest in the union cemetery.
